### **REASONS FOR ALLOWANCE**

1. Claims 1, 3-4, 6, 8-17, 19-26, and 28-42 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The above-mentioned claims are allowable over the Cited Prior Art (CPA) does not explicitly teach nor suggest all the limitations in the independent claims 1, 6, 13, 19, 22, 26, 33, 38, 40, and the subsequent dependent claims.
4. The CPA, Lockhart (U.S. Patent 6,230,272), teaches using different multipurpose strings as separate passwords to protect different data for different users. This allows a user to use different multipurpose strings to protect different software applications.
5. However, the CPA fails to provide that a key is encoded with each of several different passwords or biometrics to provide different encoded key data for each different user authorization process such that a combination of one of a specific user authorization process and a respective password data of the several different password data allows for retrieval and decoding of the key data.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
